CAREER OBJECTIVE

Seeking an opportunity as a Java Developer or Full Stack Web Developer to apply my programming skills, contribute to real-world software development projects, continuously learn modern technologies, and grow into a professional software engineer while delivering high-quality solutions.

EDUCATION

Bachelor of Engineering (B.E.) - Computer Science and Engineering — Expected 2027
M.P. Nachimuthu M. Jaganathan Engineering College | Fourth Year — CGPA: 8.94 / 10

TECHNICAL SKILLS

Programming Languages: Java (Advanced), Python (Intermediate), JavaScript
Web Technologies: HTML5, CSS3
Development Tools: Visual Studio Code, Git, GitHub
Core Concepts: Object-Oriented Programming (OOP), Data Structures (Basic), Problem Solving, Responsive Web Design

PROJECTS

Smart Irrigation System — IoT, Embedded Systems
Developed an IoT-based smart irrigation system that automates irrigation using soil moisture sensors to improve water conservation and reduce manual effort.

- Designed the end-to-end project workflow and implemented automation logic
- Integrated IoT sensors and improved overall irrigation efficiency

Gaming Vault — HTML, CSS, JavaScript
Developed a gaming website that allows users to view the latest gaming news, official game trailers, and current prices of popular games through an organized, responsive interface.

- Designed responsive web pages showcasing gaming news and official trailers
- Organized game information with a focus on clean UI and user experience

Bus Booking Management System — Java
Developed a Java-based console application that enables users to view available buses, book tickets, cancel bookings, and manage passenger details.

- Applied Object-Oriented Programming concepts to implement booking and cancellation functionality
- Managed passenger and booking records using classes, objects, methods, loops, conditionals, arrays, and collections

INTERNSHIP

IoT Intern | ZEN 1 TECHPARK at Coimbatore — 22 Jun 2026 - 25 Jul 2026

- Worked with IoT devices and embedded systems, integrating sensors for monitoring
- Assisted in testing and debugging; gained hands-on experience in practical IoT application development

CERTIFICATIONS

- 30 Days MasterClass in Full Stack Web Development - NoviTech R&D Private Limited
- AI Bootcamp Integrated to Prototype - (IoT)
- AI For Everyone - DeepLearning.AI

ADDITIONAL INFORMATION

Soft Skills: Quick Learner, Adaptability, Self-Motivated, Problem Solving, Teamwork, Communication, Continuous Learning
Languages: English, Tamil
Interests: Java Development, Full Stack Web Development, Prompt Engineering, AI Tools, Gaming Technology, Software Development
